

Parent/Student Guide To Installing Zoom

This guide is to explain how to install the Zoom app onto your computer or device.

Windows:

- Open your web browser and search for “zoom.us”
- Under the “Resources” tab, click “Download Zoom Client”

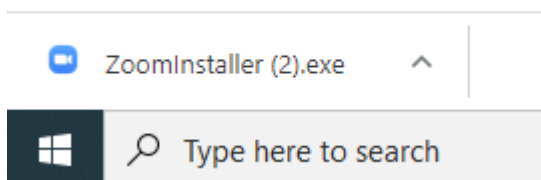

- The top option will be “Zoom Client for Meetings”. Click the download button for this.

Zoom Client for Meetings

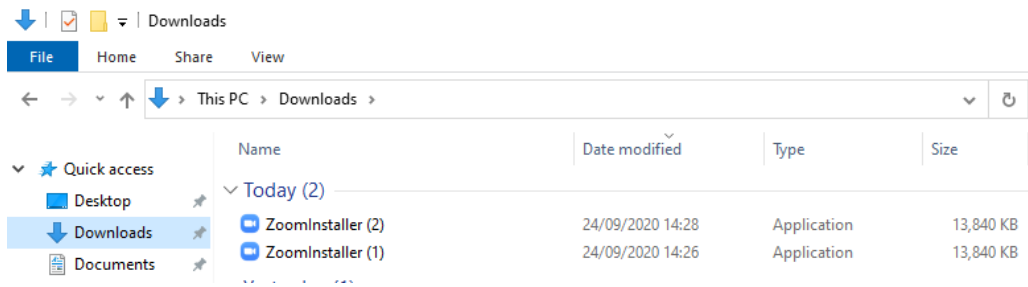

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

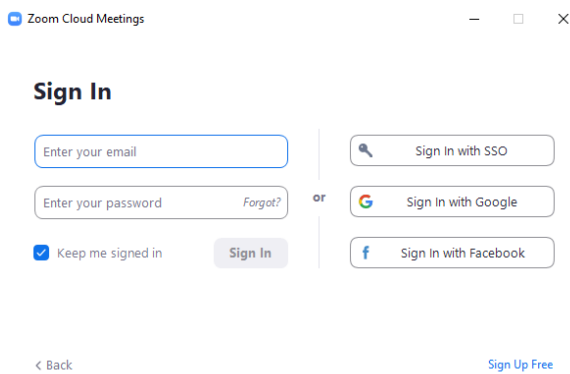

- Zoom will then download and show up along the bottom of your web browser. Click it and it will start installing.

- If it didn't show up at the bottom of your browser, open up File Explorer and check Downloads. You can open and install it from there.

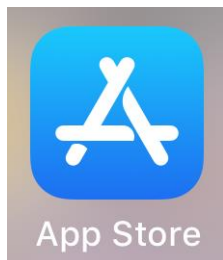

- Once installed it will automatically open Zoom.
- Either Log In with email address and password or create an account if you don't already have one.

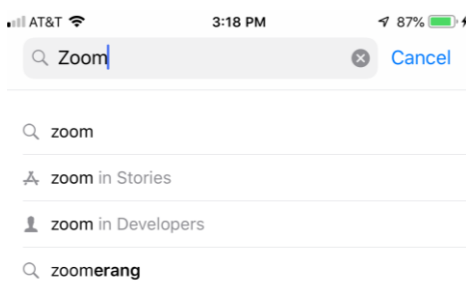

iOS:

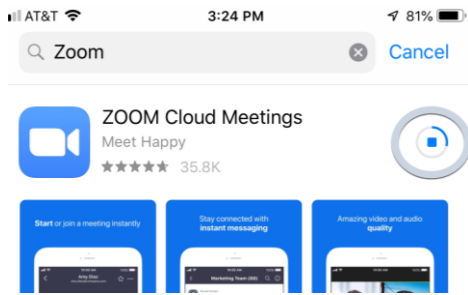

- Tap on the Apple App Store icon on your iOS device to open.

- Search for Zoom in the search box

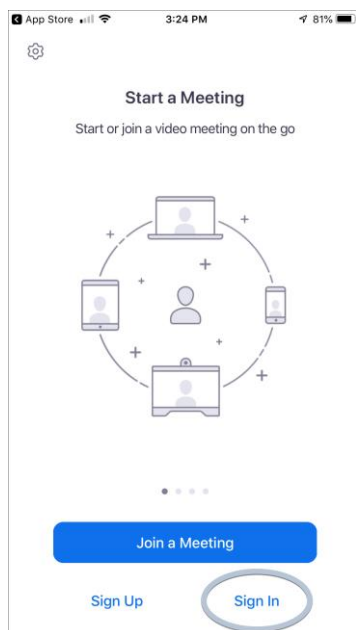

- Select ZOOM Cloud Meetings from the available app choices, and then tap on the GET button.
- Click Download icon to install Zoom
- The install process will start.

- Tap Open.

- In the Zoom app, tap Sign In.
- Tap on Sign In and log into your account or Sign Up if you don't have an account yet.

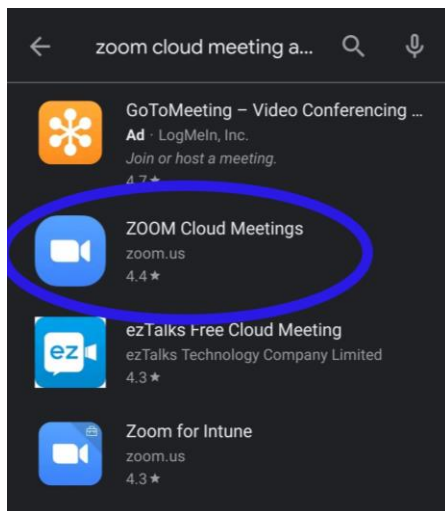

Android:

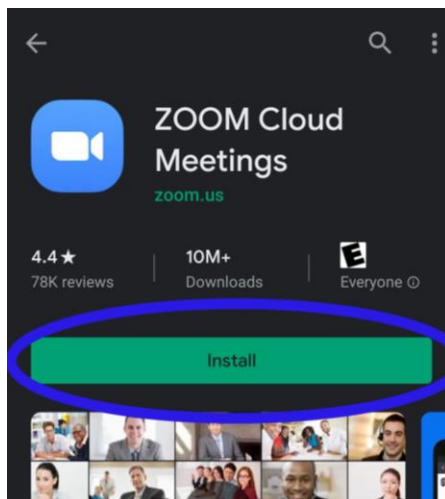

- Tap on the Google Play Store icon.

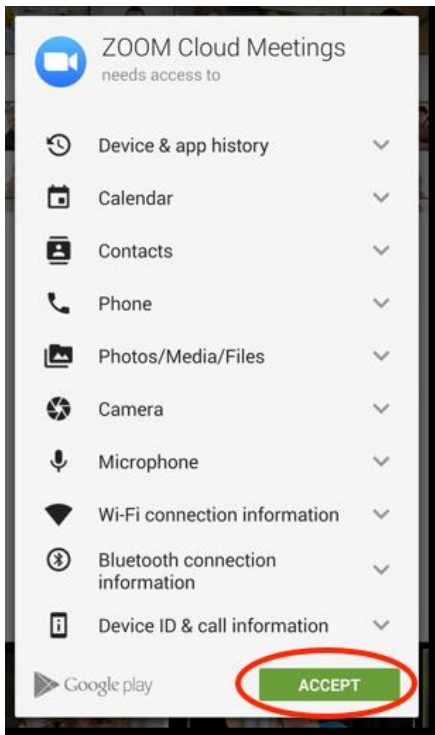

- In the Play Store screen, tap on the search bar
- Enter zoom in the search text area, and then tap ZOOM Cloud Meetings from the search results.
- Select ZOOM Cloud Meetings

- In the next screen, tap Install.

- Now tap Accept

- After Zoom has installed, tap Open.

- In Zoom, tap Sign In if you have an account or Sign Up if you need to create one.
